Please check all that apply:

Please ship the Immediate and Delayed Memory Tasks (IMT/DMT) - \$300 fee

Please ship the Impulsivity Tasks Package (GoStop, SKIP, TCIP, and TIME Impulsivity Paradigms) - \$300 fee

\$300.00 fee includes shipping and will be used to defray the cost of development/production.

Send check or money order to Donald M. Dougherty, PhD, at address below.

I agree to the following:

No commercial use (e.g., industry sponsored research),

I will forward copies of papers that include the use of any of the behavioral paradigms, and

I will not share this software with any other researchers (or industry).

(IMPORTANT: We need to keep a record of all users of these software packages to provide updates as soon as they become available. Please share our NRLC contact information with any other interested parties. *We will provide the software directly.*)
