Thank you for your interest in our behavioral software packages. Please complete all of the following information. We will ship your software package following receipt of this information.

FAX THIS PAGE TO: (210) 567-2732.

Name: _____

Department: _____

Institution: _____

Complete Mailing Address (no P.O. Boxes): _____

Phone: _____ Fax: _____

Email Address: _____

Please check all that apply:

- Please ship the Immediate and Delayed Memory Tasks (IMT/DMT)
- Please ship the Impulsivity Tasks Package (GoStop, SKIP, TCIP and TIME Impulsivity Paradigms)
- \$200.00 voluntary fee for each software package selected. These contributions will be used to defray costs of production and allow us to distribute these software packages to those who do not have funds available.

Send check or money order to Donald M. Dougherty, PhD., at the address below

I agree to the following:

- (1) No commercial use (e.g., industry sponsored research),
- (2) I will forward copies of papers that include the use of any of these behavioral paradigms, and
- (3) I will not share this software with any other researchers (or industry).

(IMPORTANT: We need to keep a record of all users of these software packages to provide updates as soon as they become available. Please share our NRLC contact information with any other interested parties, but we will provide the software directly, free of charge, to these users).
